

Furniture auction keeps kids insured

I would like to thank owner Michael Baetge plus Denise, Joel and Laurie for celebrating SC41 Furniture's three-year anniversary with an auction to benefit Healthy Kids of Santa Cruz County. Grateful thanks also to Meier Brothers Furniture and Lynn Meier and Maria Yee for donating their gorgeous, handmade pieces to the auction.

Nearly \$3,000 was raised, ensuring access to comprehensive medical, dental and vision care to three local children for a year. Our coalition of health care leaders appreciates that businesses and artists like SC41, Meier Brothers and Maria Yee care about the health of the community in which they live and work. I urge Santa Cruzans to support them in return, both for their beautiful designs and for their generous, socially conscious spirit.

Leslie Conner, Program Director, Health Improvement Partnership
